

WEEK 15 DEF STREAMERS

LOOKING FOR TEAMS ON LESS THAN 60% OF ROSTERS IN YAHOO

1

JACKSONVILLE JAGUARS VS NYJ

Coming off another strong performance last week, they have been great recently, holding their opponents to under 20 points in four straight games. They have also generated at least three sacks and forced a turnover in three of those games. Now they are facing an NYJ offense that ranks in the bottom ten of passing yards and points scored per game. Despite being a top ten rushing offense, they are facing the league leader in rushing yards allowed per game, making this defense one of the better streaming options available.

2

MIAMI DOLPHINS @ PIT

During the last four games, this defense has been great, allowing less than 20 points, generating a sack, and forcing multiple turnovers. They have shown top ten upside, generating at least three sacks in three of those games. While this upcoming PIT offense has looked decent recently (scoring at least 27 points in three of its last four games), it is in the bottom ten in passing and rushing yards per game. Because of how good MIA's defense looks, I'm treating them as a boom-or-bust top 15 streaming option.

3

NEW ENGLAND PATRIOTS VS BUF

Coming out of the bye week, this top-12 defense has been impressive, generating a sack and forcing a turnover while holding opponents to under 17 points in three straight games. While they face a BUF offense that leads the league in rushing yards per game, they are also bottom ten in turnovers against a NE defense that's in the top five in rushing yards and points allowed per game. Given this matchup, I am confident in streaming this good defense as one of my preferred options despite the risk.

4

CHICAGO BEARS VS CLE

While they haven't been a good defense recently, they have flashed some ability to hold opponents to under 20 points and force multiple turnovers in two of their last four games (leads the league in forced turnovers). Facing a CLE offense that's in the bottom ten in passing, rushing yards, and points scored per game, this is a good matchup, even if the CHI defense is bottom ten in rushing yards allowed and points scored per game. Because of the wide range of outcomes, this is a last-resort top 15 streaming option.
